ABOUT US

Bio Box India is a family-owned start-up that began in December 2018, committed to reducing plastic waste by offering eco-friendly, chemical-free alternatives to single-use plastics. We use sustainable materials like areca palm leaves, paper, and bamboo to create our products, ensuring a healthier planet.

OUR VISION

To lead in providing innovative, green alternatives to plastic products, fostering a healthier planet.

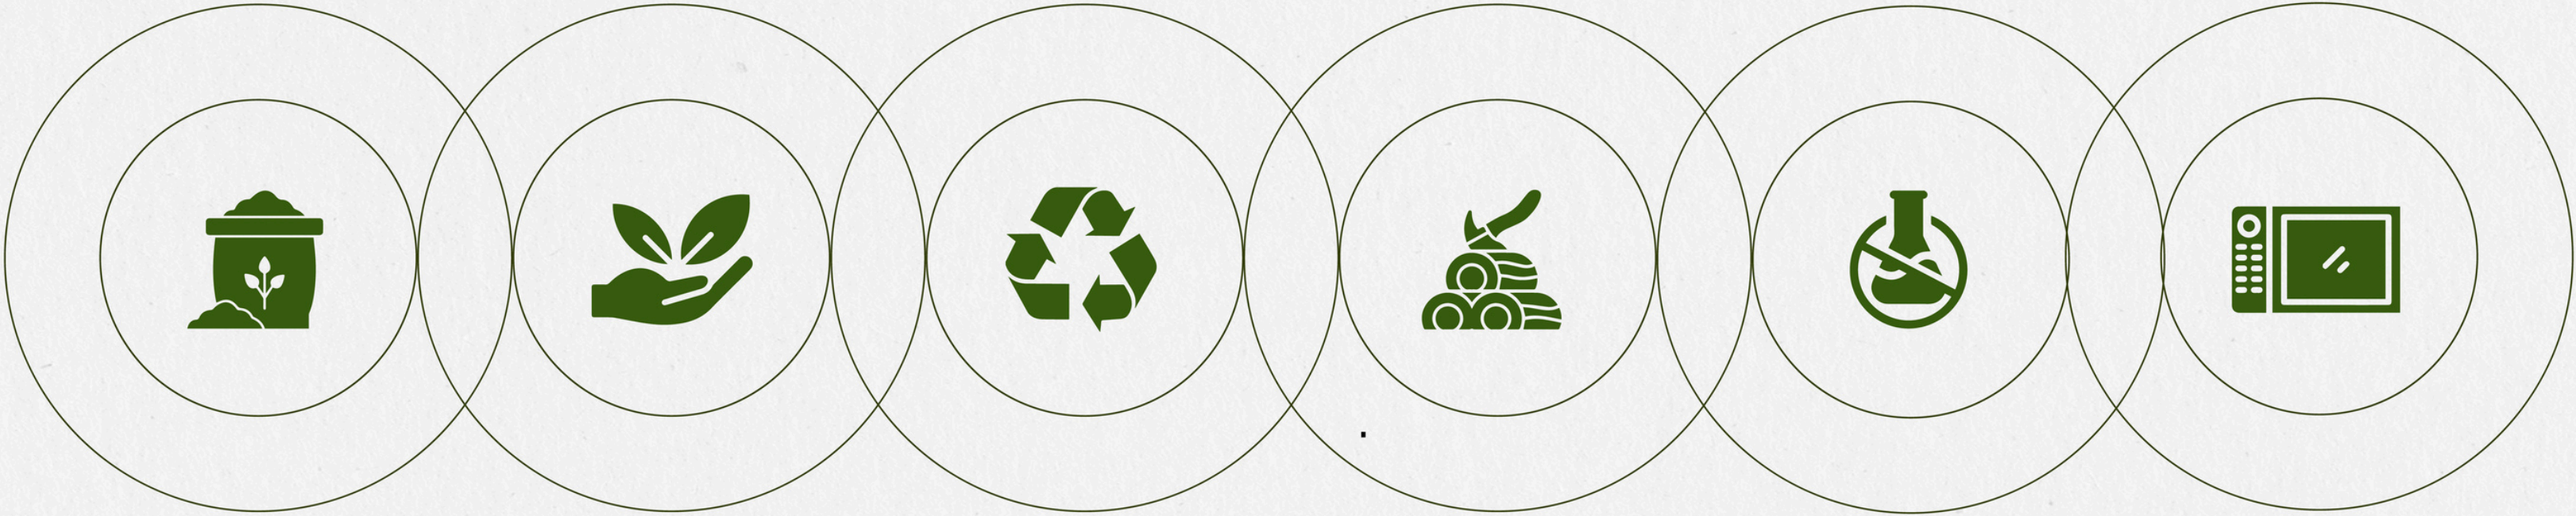

OUR MISSION

To revolutionise disposable tableware with innovative, eco-friendly, and fair-trade products that benefit the environment and society.
